***Restore the Integrity of Your Indoor Air Quality!***

*Safely and Effectively Kill and Remove  
Mold Spores, TB, Viruses, Allergens,  
Organic Odors, ETS, and VOC's!*

**Genesis Air Photocatalysis (GAP™).** Photocatalytic Oxidation is a natural oxidation technology that naturally cleans, deodorizes and disinfects indoor air by using hydroxyl radicals. This is a naturally occurring process in the troposphere, which keeps harmful gases from entering the earth's atmosphere.

**Tested by U.S. Army on Weapons of Mass Destruction (WMD) Grade Simulants**
